“Always for You”,

reflects Daima’s 2026 vision; an approach focused not on routine, but on the guest.

It goes beyond being a slogan;
it is a decision to place the guest at the center of every detail.

Always for You is built on these 3 clear, strong, and meaningful core principles:

Transparency & Freedom of Choice

Always for You, enables guests to feel in control of their holiday through clear and honest information.

- Transparent information across all services
- Clear presentation of ingredient details, nutritional values, and allergen information at the **Your Plate** Main Restaurant
- Choices that align with individual lifestyles

Meaningful Experiences

Always for You, goes beyond offering activities; it designs moments that leave a lasting impression on the guest’s heart. Not created to be watched, but to be felt..

“What you experience here is not just entertainment, but a story.”

Genuine Care & Continuity

This is the heart of Always for You.

- A guest-centered approach that recognizes and truly cares
- The same level of attention on the first day and the last

Your Plate Main Restaurant

"Your Plate"

In this concept, our focus is not the buffet, but the **guest's plate**. Our aim is to enable guests to create their own plates by knowing and understanding what they eat, and by making choices according to their individual needs.

Your Plate offers an experience that puts guests in control of their plates. Because to us, true comfort means being free to choose what's on your plate.

Special Themed Dining Experiences

Special themed evenings organized on selected days elevate the gastronomic experience to the next level. In addition to concept nights such as Mexican Day, Colors of Anatolia Day, and Italian Nights, the fairy-tale-inspired Game of Daima Night offers our guests an unforgettable experience. All special event days are announced in advance on the events page of our website.

Your Plate Transparency Standard

In line with this approach, we have developed a special food & beverage presentation standard based on transparency and freedom of choice.

Within this standard, the following information is shared clearly, simply, and understandably for all dishes served in our main restaurant:

- Ingredient information
- Allergen warnings
- Calorie value
- Protein content (grams)
- Special dietary suitability

Seven Colors of Anatolia

Each day, a signature dish from a different region of Türkiye is featured on your plate.

Every region is presented daily with its own distinctive color theme.

Flavors from Asia

From India to Japan, selected flavors of Asian cuisine are presented daily with a different country theme.

Vegetarian Selection

For vegetarian and vegan guests, healthy and carefully prepared options enriched with plant-based ingredients are available without compromising on flavor.

Diet Selection

Plate options prepared with low-calorie ingredients are offered to support balanced nutrition and conscious choices.

Kids' Special Selections

Simple and safe plate options designed to suit children's taste preferences and nutritional needs.
